	Postgraduate Diploma in Business Informatics
LEVEL 7	Graduate Diploma in Teaching (Early Childhood Education)
	Graduate Diploma in Business (International Business Innovation)
	Graduate Diploma in Business (International Hospitality Management)
	Graduate Diploma in Business (International Tourism Management)
	Bachelor of Business Information Systems
	Bachelor of Business Information Systems (Healthcare)
LEVEL 5	New Zealand Diploma in Business

MANAGEMENT TEAM

Chief Executive Officer	Gordon Bobin
Academic Director	Dr Paula Ray

MASTER OF MANAGEMENT WITH STRANDS IN HEALTHCARE - MMHC LEVEL 9

PROGRAMME FOCUS

The aim of this programme, with specialisation in Healthcare, is to enable experienced professionals and graduates of this specialisation seeking advanced managerial capability to critically examine management theories and practices and to undertake applied research so that they can:

- Develop advanced strategic leadership and management capabilities to lead organisational transformation in complex and dynamic environments; and
- Develop high-level skills and knowledge for leading, managing and transforming organisations within an environment of ubiquitous and continuous change; and
- Apply this knowledge and these skills to contemporary organisations specialising with particular emphasis in the area of Project Management in Aotearoa New Zealand and internationally.

OUTCOMES

Graduates of the Master of Management with strands in Healthcare will be able to:

1. Evaluate and apply advanced contemporary management theories to emerging situations in an organisation.
2. Create an internal organisation culture with strong employee engagement, collaboration and teamwork, and ongoing learning and development in a changing environment.
3. Analyse, synthesise and communicate information, plans, policies and strategies to enhance business outcomes in an organisation.
4. Apply leadership and management skills to improve business performance within an organisation in Aotearoa New Zealand or internationally.

Graduates of the Healthcare strand will be able to apply advanced management and leadership principles within healthcare and health-related organisations, integrating policy, quality improvement, and ethical decision-making to enhance service delivery, organisational performance, and patient-centred outcomes. Building on prior undergraduate study in business or related disciplines, or relevant professional experience, the programme integrates contemporary management and leadership theory with specialised healthcare management knowledge and skills to prepare graduates for leadership roles in culturally responsive and globally relevant healthcare settings. The curriculum is aligned with the **Australasian College of Health Service Management (ACHSM)** Competency Framework, ensuring graduates develop advanced capabilities in leadership, communication, strategic thinking, and ethical governance that meet the expectations of the healthcare sector across Australasia.

PROGRAMME STRUCTURE AND DURATION

This programme will be delivered through face-to-face classroom learning at ICL Graduate Business School, in Auckland, New Zealand or blended learning.

The Master of Management (Healthcare) is an 180-credit, full-time programme designed for completion over four 16-week trimesters (or 16 months). The total length is 68 weeks, including four weeks' holiday. Full-time students will study up to three papers per trimester.

Programmes are offered at ICL continuously, with a one-week study break between trimesters and a two-week break over the Christmas period.

Background	Level 7 Undergraduate Degree/Graduate Diploma or Level 8 Postgraduate Diploma in a business-related field.

ADMISSION REQUIREMENTS

Applicants for the Master of Management with strands in Healthcare must provide the following:

- A completed application form.
- Original transcripts showing a Bachelor's degree or a Graduate Diploma in a business-related field from a recognised institution, including full transcripts, or evidence of acquiring the relevant skills and knowledge through appropriate work or professional experience in business studies-related areas. Scanned PDF documents will be sufficient to progress the application, but original documents may be required on arrival at ICL Graduate Business School. Failure to provide original documents may result in the cancellation of the enrolment.
- For international students, academic IELTS with a minimum score of 6.5 overall (with no band score lower than 6.0 and gained within the past two years in one examination), or any other equivalent approved by NZQA.
- Credit transfer or RPL (Recognition of Prior Learning) of up to 50% of the total credits, i.e. up to 90 of the 190 credits required for the qualification, may be negotiated on a case-by-case basis.
- ICL Graduate Business School also strongly recommends that a Personal Statement, written by the applicant, be attached to the application explaining why they believe they should study on the programme, their motivations and further aspirations.

PAPER OUTLINES

Students will be provided with a paper outline for each paper they take at the start of the trimester. Important information is included within these paper outlines, and it is the student's responsibility to ensure they have read and fully understood these documents. If a student seeks further clarity, they should discuss this with their lecturer.

For the 9537 Applied Project paper, students must complete all required papers on their chosen strand and meet the specified progression requirements as detailed in the programme regulations before they can enrol in the paper. The Applied Project must be aligned with the learner's selected specialisation.

8230 - ORGANISATIONAL BEHAVIOUR (LEVEL 8) - 15 CREDITS

This paper introduces students to work and worker behaviour; behaviour at work; group and organisational behaviour; links between behaviour and organisational restructure; tasks and job design; administrative hierarchy; job satisfaction and worker adjustment; stress and other factors related to the environment of work; values associated with work behaviour.

8281 - BUSINESS PROFESSIONALISM (LEVEL 8) - 15 CREDITS

This paper develops the perspective and personal skills needed by business professionals in a complex and uncertain global environment to be effective in their roles in a wide range of

organisations and equips them not only to manage change but to be able to anticipate impending shifts, map strategic direction and lead. Learners' professional practice capabilities and preparedness for dynamic organisational environments are developed to an advanced level through studying concepts and case studies of organisations so that they are equipped to respond appropriately to the challenges of conducting sustainable business amid perpetual change.

8535 - HEALTHCARE GOVERNANCE AND SYSTEMS (LEVEL 8) - 15 CREDITS

This paper aims to provide an in-depth understanding of the multi-faceted nature of healthcare management within the context of governance, policy, and global trends. It focuses on developing the capacity to interpret and champion effective health system governance, manage competing priorities, and foster sustainable healthcare practices within a rapidly evolving landscape.

8536 - THE NEW ZEALAND SOCIAL AND POLITICAL ENVIRONMENT IN HEALTHCARE MANAGEMENT (LEVEL 8) - 15 CREDITS

This paper aims to explore the intricate relationship between the social and political environment and healthcare management in New Zealand. It will focus on how healthcare leaders demonstrate social and environmental responsibility, exhibit political acuity, and effectively manage resources and digital solutions to improve community health outcomes.

8537 - HEALTH INFORMATICS AND INNOVATION (LEVEL 8) - 15 CREDITS

This paper aims to explore the role of technology in healthcare, such as electronic health records, telemedicine, artificial intelligence, and innovations that improve patient care and organisational efficiency. It will look at the use of data analytics and informatics in healthcare, including patient data management and decision support systems. This paper paves the way for learners to understand the rationale behind research methods and data collection.

9203 - PROJECT MANAGEMENT (LEVEL 9) - 15 CREDITS

This paper is designed to develop students' understanding of the principles of project management from a managerial perspective in an organisational setting and to develop skills to plan and manage projects with teams. Students will be introduced to the various phases and processes associated with a project life cycle and should understand the knowledge areas associated with any project and explore practical applications of the knowledge acquired through this unit.

8542 - RESEARCH METHODS (LEVEL 8) - 15 CREDITS

This paper introduces students to theories and practices of qualitative and quantitative primary research and data analysis techniques. This paper helps students to prepare for the applied research project.

9030 - LEADING AND MANAGING PEOPLE (LEVEL 9) - 15 CREDITS

This paper introduces students to theories and practices of contemporary leadership and management in a global setting. Various leadership styles will be canvassed and applied reflectively in developing a student's own approach to leading and managing as two separate but interrelated skill sets.

9537 - APPLIED PROJECT (LEVEL 9) - 60 CREDITS

Learners will develop the skills to design and complete a research project that focuses on a real-world solution to an identified problem or challenge related to global business, business information or enterprise innovation. Learners will be able to demonstrate mastery in their field of study.

ASSESSMENT GRADES

GRADE	% MARK RANGE	DEFINITION
A+	90-100	Pass with Distinction
A	85-89	
A-	80-84	
B+	75-79	
B	70-74	
B-	65-69	
C+	60-64	
C	55-59	
C-	50-54	Pass
D	40-49	Fail
E	0-39	Clear Fail
DNS		Did Not Submit an Assessment
W		Withdrawn from Course/Programme
NC		Did not Complete the Course
CC		Cross-Credit
CT		Credit Transfer
RPL		Recognition of Prior Learning

Students are required to achieve 50% overall for each paper. Where group work is included in an assessment, individual contributions will be peer-evaluated and confirmed by the Lecturer.

CREDIT RECOGNITION

ICL recognises prior learning achieved within formal settings. Prior learning is understood to constitute formal learning, which is a study undertaken within ICL or externally prior to enrolment.

The following definitions apply:

- **Credit Transfer (CT):** Credit awarded for having successfully completed a course of formal learning at either the same tertiary education organisation or another accredited tertiary education organisation, where there is direct equivalence of at least 80% between the learning outcomes.
- **Cross Credit (CC):** Credit awarded for having successfully completed an identical course of formal learning at either the same tertiary education organisation or another accredited tertiary education organisation.
- **Recognition of Prior Learning (RPL):** Formal assessment of a learner's relevant and current knowledge and skills gained through prior learning to determine achievement of the learning outcomes of a qualification. Prior learning is matched with the learning outcomes of ICL papers at the same level and the same credit value as the proposed programme in which the student wishes to be enrolled.

Any credit can be awarded to whole ICL papers only and up to a maximum of 90 credits, i.e. 50% of the total credits of the qualification. No credit will be awarded for the Level 9 applied research component of the qualification. Credit applications may be declined for study undertaken more than five years previously, at the discretion of the ICL Academic Board. Any Credit Recognition is awarded upon application and at the discretion of the ICL Academic Board.

ADMISSION APPEALS

If a student wishes to appeal an admission process decision the following applies:

1. An Admission Appeal should be directed in writing to the Academic Director outlining the reasons for the appeal.
2. The Academic Director may request further information and evidence to support the appeal.
3. The Academic Director will consult with the relevant academic team(s) and the senior management team, where appropriate, to discuss and resolve the appeal.
4. The Academic Director will report ICL Education Group's decision to the student concerned.

REQUIRED TEXTBOOKS

Students will be provided with e-textbooks for each of the subjects that they will be studying. The paper outline will state which textbooks are required for each paper.

COPYRIGHT

Illegal photocopying of texts is strictly prohibited and any such material will be confiscated and forwarded to the relevant publisher who owns the intellectual property. If students persist in such illegal replication, then the School will inform the publisher.

In New Zealand, you cannot copy from a textbook unless the book is out of print or less than 10% of the content is being copied. This is only allowed once. It is illegal to copy a complete book. Such a copy must be destroyed. If you copy a book, you are liable to prosecution under New Zealand law. For a full explanation refer to www.whatiscopyright.org

Copyright laws grant the creator the exclusive right to reproduce, prepare derivative works, distribute, perform and display the work publicly.

Most countries are members of the Bern Convention and the Universal Copyright Convention (UCC) which allow you to protect your works in countries of which you are not a citizen or national. For more details refer to www.whatiscopyright.org

PLAGIARISM

ACADEMIC DISHONESTY AND PLAGIARISM POLICY PRINCIPLE

The principle to be applied is that no student shall obtain, or attempt to obtain, an advantage in assessment through unfair or improper means. Any such attempts shall be deemed to be in contravention of the regulations governing ICL's academic qualifications and subject to disciplinary action.

LIBRARY AND PROQUEST

Student Support Staff member will explain how our lending library system works. All ICL Business students have access to the joint ICL library. Ask for support and assistance with finding information and completing assignments.

You have access to ProQuest, an electronic database with many resources at your disposal. ProQuest can be accessed for free whilst using the computers or Wi-Fi network whilst on campus. You can access ProQuest on campus using this link:
<http://search.proquest.com/business/index?accountid=164702>

Auckland Council Library, with 55 outlets across the city, offers free membership to everyone. ICL encourages all students to avail of the membership and make use of the enviable lending services on offer.

AI USAGE POLICY FOR STUDENTS

Artificial Intelligence (AI) tools are designed to provide answers to a wide range of questions. They have the potential to enhance students' learning experience and support educators' teaching capabilities. However, it is important to recognise the limitations and ethical considerations of using such tools in a tertiary educational setting.

PURPOSE

Artificial Intelligence (AI) tools are designed to provide answers to a wide range of questions. They have the potential to enhance students' learning experience and support educators' teaching capabilities. However, it is important to recognise the limitations and ethical considerations of using such tools in a tertiary educational setting.

PRINCIPLES

1. AI should be used as a supplementary tool for learning and not as a substitute for assessment writing. It is essential to remember that AI tools cannot replace human thinking and expertise.
2. AI tools should be used with caution and critical thinking, as they may not always provide accurate or appropriate information or responses. Students should critically evaluate the reliability and validity of responses and seek clarification or additional information when necessary.
3. AI tools should be used ethically and responsibly, respecting the privacy and dignity of others, including confidential information about ICL, and avoiding topics that are illegal, harmful, or offensive.
4. Any misuse or abuse of AI tools will not be tolerated and could result in disciplinary action.
5. AI should be used with attribution and citation by acknowledging the source to make it 'authentic' content. Failure to do this would make the content 'inauthentic'. In other words, students should give credit to the AI tools when using their responses in their work.
6. Any academic misconduct, as specified in the ICL Assessment Policy, is extended to the misuse or abuse of AI tools.

USE OF AI BY STUDENTS

Indicative acceptable uses:

- Using AI as a search engine replacement.
- Using AI for structural scaffolding to organise thinking without touching the intellectual content.
- Using AI as a debugging partner or correcting language and grammar in real time.
- Using AI as an always-available tutor.
- Using AI to fill in knowledge gaps.

Indicative unacceptable uses:

- Using AI as a production accelerator, or using AI to write an assessment.
- Submitting AI-generated work as their own without meaningful review, editing, and appropriate acknowledgement.
- Using AI to complete an assessment where AI use is not permitted.
- Using AI to create, change, or fabricate references, sources, evidence, data, case studies, or quotations.

HOW TO REFERENCE?

If you use an AI tool in any of the acceptable ways, please acknowledge it by providing an in-text citation and reference using the APA 7th format.

Format for referencing:

Author. (Year of version). Name of model (version number) [Description]. Website name.
<https://xyz>

Example:

Google. (2026). Gemini (3.5 Flash) [Large Language Model]. <https://gemini.google.com>

Please note: When the author and the website name are the same, mention it only once as 'author'.

Format for in-text citation:

(Author, year of version)

Examples:

(Google, 2026) or Google (2026)....

NOTIFICATION OF RESULTS AND CERTIFICATION

Student results are released after assessments have been moderated and results approved by the Programme Committee and ratified by the Academic Board. You will be notified of your results via your ICL email address. Upon successful graduation from this programme, you will be awarded a certificate with an academic transcript.

OPPORTUNITIES FOR FURTHER STUDY

ICL has an understanding with several institutions regarding the opportunity for further studies for its students. Programmes at Auckland University of Technology, Waikato University and Massey University may take into consideration ICL student applications for some of their doctorate programmes. Successful applications and enrolments are at the individual university's discretion.

FURTHER INFORMATION

For further information concerning studying at the ICL Education Group, please refer to the following information: **Academic Handbook** and **Student Services Support Handbook** or to our website icl.ac.nz
